Israeli Attack Brings Censure

U. N. Warns Against Future Assaults

UNITED NATIONS, N. Y. (AP)—Israel was under stern notice today that the U. N. Security Council may use its powers of punishment against her if the Israelis continue attacks across their Arab neighbors' frontiers.

The warning came in a Western-sponsored resolution the 11-nation council adopted unanimously Thursday.

The resolution condemned the Israeli attack Dec. 11 on Syrian outposts northeast of the Sea of Galilee as a "flagrant violation" of the Palestine armistice and Israel's U. N. Charter obligations. It said if Israel ignored its obligations in the future, the council will have to consider "further measures under the charter."

The charter empowers the council to punish an aggressor with a diplomatic boycott, economic blockade or even military action, and to call for expulsion from the U. N. of any country that consistently violates the charter.

Called Resolution
Israeli Delegate Abba Eban told the council he feared the resolution would be interpreted as endorsement of Arab belligerency toward Israel. Israel contends the attack was in retaliation for Syrian shelling of Israeli boats on the inland lake, which lies just inside Israel's territory.

The resolution noted Syrian "interference" with the Israeli activity on the lake but said "this interference in no way justifies the Israeli action." Fifty-six Syrians and six Israelis were killed in the raid; Israel has reported only several persons wounded as a result of the Syrian shelling.

It was the fourth council censure of a big Israeli border raid, but the first to warn of possible future penalties. The U. N. body has never censured an Arab country for frontier military actions, although Israel has complained of hundreds of Arab border violations.

Strongest Resolution
Authorized by Britain, France and the United States, the resolution was stiffened somewhat at the suggestion of Iran and the Soviet Union. Herve Alphand of France called it "the strongest resolution

Vorndran said the figure includes a valuation of \$106,913,320 for real estate and \$31,569,500 for public utilities.

Taxes on the total valuation will be \$3,686,878.82. Of that amount, the state will receive \$27,696.55, which will be used for World War II veterans' bonuses. In addition, the county will get \$498,538.14, townships \$211,653.17, corporations \$500,201.30 and the school districts \$2,448,789.66.

The schools' share will be approximately two-thirds of the tax money collected, Vorndran said.

He listed Salem's total valuation at \$23,340,120, including \$20,999,280 on real estate and \$2,340,840 on public utilities. Salem's total tax will be \$695,335.56. Two Airliners Nearly Collide Over Cleveland

72 Passengers On Board Planes; CAA Probing Incident

CLEVELAND (AP)—Reports of a near collision between two airliners over Cleveland Hopkins Airport were under investigation today by airline and Civil Aeronautics Administration officials.

Said to be involved Thursday night were a United Air Lines DC6 coming in from New York and bound for Los Angeles and a Capital Airlines Viscount bound here from Washington.

The DC6, carrying 54 passengers was piloted by Capt. A. R. Kidder of Chicago. Capt. B. S. Babylone was pilot of the Viscount, which had 18 passengers.

A CAA spokesman who declined to be quoted by name said both planes were waiting to land when the pilot of one of the planes apparently thought he was too close to the other and made a sudden drop to avoid a collision. In so doing his plane came close to the other plane, it was reported. Both planes later landed safely.

The spokesman pointed out that lights sometimes play tricks when snow is falling. Both planes were using beacons, navigation lights and collision lights. Visibility at the time was three miles and the ceiling was 600 feet.

Car Stalls On Tracks, Atwater Woman Killed

RAVENNA, Ohio (AP)—Mrs. Juanita Butts, 24, of nearby Atwater, was killed by a train today as she tried to help her husband push their stalled car off the tracks.

Her husband, Charles, jumped clear. The couple has two children.

Witnesses said the car had stalled on the tracks on U.S. 224 at the Atwater Station Junction. The Pennsylvania Railroad train was enroute from Cleveland to Pittsburgh.

Grand Jury Called Back To Air Perjury Case

LISBON — The January Grand Jury, which adjourned last Friday, convened again today to discuss the possibility of perjury in the New Waterford Bank versus Janet Williamson note case.

Investigation of the case is expected to wind up today, William Brokaw, assistant county prosecutor, said.

Representatives of both the dealers and Local 553, International Brotherhood of Teamsters, said they would recommend acceptance of the settlement at meetings both sides quickly scheduled for early afternoon.

Mayor Robert F. Wagner, in announcing the settlement, said it averted "a catastrophe."

The mayor said the settlement was on the basis of a 30-cent package. Hugh Sheridan, chairman of the mayor's citizens committee which aided the parties to reach a settlement, said it included 12½ cents in wages, 14 cents for the pension fund and 3½ cents to the welfare fund, which includes a general medical plan.

The union reportedly demanded a 25-cent package when the strike began last Sunday, but later revised its demands into what it termed a 39-cent-an-hour package. The employers said these new demands would cost 47½ cents an hour, and countered with a 27½-cent hourly package which the union Thursday rejected. The drivers currently average \$2.40 an hour.

Fire Causes \$3,000 Damage To Home Here

A fire of undetermined origin caused damage estimated at about \$3,000 at the home of Newton Timbrook of 550 E. 7th St. early on Thursday night.

Fire Chief Clarence Wright said the blaze originated in the basement. The fire got into the partitions, he said, and spread to the roof.

Timbrook, who with his grandson, Buddy, 15, was in the house when the fire started, attempted to extinguish the blaze while firemen were being summoned. The alarm was turned in by a neighbor at 7:34 p.m.

Damage to the house and contents are covered by insurance, Chief Wright reported.

Season's Heaviest Snow Covers Eastern States

By The Associated Press

The season's heaviest snowstorm in the eastern half of the nation draped a welcome blanket of white across the parched farm lands of the Southern Plains and Midwest, then moved into the Atlantic Coast today.

Snow fell during the night and morning from the lower Great Lakes region eastward to the Mid-Atlantic states southward as far as West Virginia and Maryland.

Early reports indicated fairly heavy falls, with 4 inches reported at Baltimore and 3 inches at Philadelphia. The storm headed into New York and the New England region.

Snow measured up to 10 inches in some areas hit by the mid-January storm Thursday. The storm center, weakening as it moved from the Gulf northeastward along the western slopes of the Appalachians, dumped snow over most of the Ohio Valley and the Mid-Atlantic states. There was rain, sleet or freezing rain in the Carolinas and Virginia.

Traffic Disrupted
Traffic was disrupted in many cities and driving conditions were hazardous on the snow-slickened highways.

But to farmers in areas where there has been little precipitation this winter the snow was hailed as welcome relief to dry farm lands. In Texas a state official described the snow as worth "millions and millions" to farmers suffering from winter drought.

In St. Louis, where there had not been measurable precipitation in 47 days, the longest drought in the area's history, snow measured more than 2 inches. Four deaths were attributed to the storm in Missouri.

In nearby southern Illinois, where lands also were in need of moisture, the fall was to a depth of 8 inches in some places.

Ship Crashes Into Offshore Radar Tower

BOSTON (AP)—A ship crashed into the Texas Tower 10 miles off Cape Cod, first off-shore radar "island," today and was extensively damaged.

The vessel was identified by the Coast Guard as the transport Sagitta of the Military Sea Transport Service, a 269-foot, 5,202-ton vessel.

Her starboard side crashed into the tower, tearing a hole in tanks in her No. 2 hold. She was reported making water rapidly and listing to starboard.

Whether the Texas Tower was damaged was not immediately reported.

The Coast Guard dispatched a seaplane from its Salem base to investigate and also ordered two cutters, the Evergreen and Spar to the scene. The Spar was about sixty miles away and expected to reach the scene in 3 to 3½ hours.

The Texas Tower is located on a Georges Banks shoal—dangerous waters to shipping. The Sagitta was reported trying to claw off into deeper water.

Damage to the house and contents are covered by insurance, Chief Wright reported.

License Not Needed, Is Claim

Rumreich Says News Story Without Merit

LISBON — Dr. A. S. Rumreich, dismissed by the Columbiana County Health Board as health commissioner Dec. 7, said today he didn't need a license to practice medicine in Ohio because he hasn't practiced medicine for some time.

Herbert M. Platter, secretary of the Ohio Medical Board at Columbus, said yesterday "Dr. Rumreich is not licensed with this board and has to have a license to practice."

Dr. Rumreich was hired for the \$10,000 county health commissioner job March 21, 1955 and began his duties April 15 of last year. He said he has applied for the license but as yet has not received it.

Dr. Rumreich said: "I was not violating any law. The implication that I was is absurd and fantastic. 'The statement made in the Salem News and East Liverpool Review was utterly without merit. From all indications, the statement was instigated by a shyster Lisbon lawyer for the purpose of prejudicing public opinion which is a most unethical practice."

"I am a licensed physician in the United States and am allowed to practice anywhere in the United States and its territories."

Slippery Roads Cause Five Accidents

Slippery roads in the district caused five traffic mishaps investigated by state highway patrolmen Thursday. One woman received minor injury and two drivers were cited.

Lucy Durk, 37, of RD 1, New Waterford, was treated at Salem City Hospital for abrasions of the right knee and contusions of the head received when the westbound car she was riding in skidded off Rt. 14, in Unity, at 1:35 p.m. and overturned.

At 10:15 a.m. on Rt. 30, one-half mile west of Lisbon, Julius Lowery, 36, of Charlotte, N.C., lost control of his eastbound truck-trailer on a hill, causing the vehicle to go off the right side of the road and overturn.

The entire right sides of the tractor and the trailer were torn off, patrolmen said, but Lowery escaped injury.

In a similar mishap, Kenneth Welch, 33, of Mansfield lost control of his eastbound truck-trailer on Rt. 62, two miles west of Salem at 1:55 p.m. causing the truck to slide off the right side of the highway and overturn. The truck was badly damaged, patrolmen said.

On Rt. 62, one-half of a mile west of Salem at 8:40 a.m. a westbound car operated by Joseph Lemieux, 37, of Toronto, Ontario, Canada, slid into the rear of an auto driven by James Quinn, 25, of 1254 N. Ellsworth Ave. when Quinn stopped his car for slow moving traffic in front of him.

Heavy damage was received by the Lemieux car, while the Quinn auto sustained only minor damage, patrolmen said. Lemieux was cited by patrolmen for failure to stop in an assured clear distance ahead.

A Beaver Local School bus and a truck-trailer collided on Rt. 7, one-half mile north of Rogers, at 3:05 p.m.

According to patrolmen, George Hanes, 29, of Steubenville, lost control of his southbound truck, causing it to slide into the side of the empty northbound school bus operated by Howard Umbel, 25, of RD 1, Rogers.

Heavy damage was caused to the left side of the school bus, while the truck sustained minor damage, patrolmen said. Hanes was cited for driving left of center.

Slayer Reported Seen In Ohio, 4 Other States

Irvin, Under Death Sentence, Charged With Six Killings

EVANSVILLE, Ind. (AP)—An all-out police search spread over a five-state area today for Leslie Irvin, described as a "mad dog killer," who escaped from jail while under a death sentence for one of six killings in which he has been indicted.

State police received unverified reports Irvin had been seen in Ohio and in Missouri and authorities in those states joined Indiana, Illinois and Kentucky officers in the search.

The Missouri state highway patrol received a report from a waitress at a restaurant-motel near St. Louis Thursday night that she had recognized a man as Irvin from a television picture she had seen of him.

Early today, a bus depot employee at Rolla, Mo., 110 miles southwest of St. Louis, told the patrol she had seen there a man closely fitting Irvin's description. The most concentrated search was being conducted in the Evansville area and in nearby sections of Kentucky and Illinois.

Reported Seen Elsewhere
Indiana state police said they had received an unverified report that a man of Irvin's description was seen driving a dark colored car near new Albany, across the river from Louisville, Ky. Also an unidentified motorist reported a man who resembled Irvin had attempted to force him off the road between New Castle and Muncie in east central Indiana.

State police said many such reports are received in widely publicized escapes and that all are being checked.

Illinois state police put out a state wide alert for Irvin Thursday night after authorities at Watseka, Ill., said they had reports he had been seen in a Watseka tavern.

In Ohio, the Montgomery County sheriff's office said Irvin was reported seen in a Vandalia motel restaurant about 1:20 a.m.

Five persons told sheriff's deputies that two men entered the Autotel Motel for coffee and left shortly afterwards. The five said they recognized Irvin as one of the pair from newspaper pictures.

Patrol On Alert

The state highway patrol put out a statewide alert after an unidentified man reported he was robbed just outside of Dayton at 2:40 a.m. by two men traveling in a green automobile. The victim told authorities the car bore Illinois license plates.

The patrol said it had a report from Indiana police that Irvin and another man were reported to have stolen a vehicle fitting this description.

Meanwhile, law officers and witnesses in Irvin's murder trial were given police guards as they hunted the 31-year-old former Evansville pipefitter.

Corridor Of Plants Between Cleveland, Akron Is Predicted

AKRON, Ohio — The possibility of a virtually continuous corridor of huge industrial plants between Akron and Cleveland was forecast by a Chrysler Corp. official here last night.

Huge industrial expansion for the Akron-Cleveland area was predicted by John E. Brennan in a speech at a banquet following ground-breaking ceremonies for Chrysler's new \$5-million-dollar stamping plant at nearby Twinsburg.

Brennan, general manager of Chrysler's automotive body division, said the area is "a natural place for industries of many kinds to locate their plants" and added: "In my opinion it is not at all visionary to look forward to the time when there will be a virtually continuous corridor of great plants between Akron and Cleveland."

Chrysler's new stamping plant will employ 3,500 persons and have a monthly payroll of 1½ million dollars, Brennan said.

The biggest stamping plant of its kind, it will turn out stampings for Chrysler plants in Michigan, Indiana, California and Delaware.

CIO Says Police Attacked Strikers

Accusations Denied By Sheriff, Chief

COLUMBUS, Ohio (AP)—The Ohio CIO Council said today sheriff's deputies and police "swooped down" on strikers during the Jan. 3 mass demonstration at the Columbus Westinghouse plant and "started swinging clubs and fists the minute they arrived on the scene."

The accusation was made in the council's weekly newsletter, "News and Views."

Franklin County Sheriff Ralph J. Paul, whose deputies were on the scene, said of the union's statements: "I've been reading trash for two weeks in their papers." He had no other comment.

Columbus Police Chief George W. Scholer commented: "Police did nothing to be ashamed of" in the demonstration.

The newsletter said members of the striking International Union of Electrical Workers (IUE) reported that:

"The officers charged them, swinging clubs, pulling revolvers in two instances, cursing and beating the workers, knocking them to the ground and beating them while they were down."

The newsletter said police handling of the demonstration was one of the "blackest chapters in the history of law enforcement in Columbus and Franklin County."

During the violence, 88 strikers were arrested, eight were injured and one died of a heart attack.

Hearings for the 88, along with four officers of Local 746, IUE, will be resumed Monday in Common Pleas Court here. All are charged by Westinghouse with violating a Dec. 1 court restraining order limiting pickets to six at each plant gate and prohibiting violence.

Deputy Sheriff John S. DeVault told police Thursday his personal car had been damaged after he testified earlier in the hearings.

The strike here, involving some 4,300 IUE members, is part of the three-month long, violence-ridden walkout by 54,500 Westinghouse workers in 40 plants across the country.

TO SET MERGER DATE

COLUMBUS, Ohio (AP)—The executive boards of the Ohio AFL and CIO have scheduled a joint meeting Feb. 1 to set a date for formal merger of the groups.

The board will meet separately before the session to name committees for merger talks.

The action follows consolidation of the two groups by national leaders.

3,081 County Measures, Scales, Pumps Inspected

LISBON—The Columbiana County deputy sealer of weights and measures inspected 3,081 scales, measures and pumps in 1955.

The figure was submitted in an annual report to the division of food and dairies of the Ohio Agricultural Department. Present county sealer is Clarence L. Robinson of Lisbon. He replaced Frank T. Irwin of East Palestine who resigned because of illness last summer.

The report said 2,414 scales and pumps were sealed, 564 were adjusted, 33 closed down for repairs and one condemned. It also said the 29 measures and containers inspected were all approved.

The report stated that of the 380 packages that were checked for weights in stores last year, 360 were found to be correct and 20 were rejected. One reprimand was issued, but no fines were levied or prosecutions made.

Large scales presented the biggest problem, the report states, because the county doesn't have enough weights to check them. The sealer attended two conferences last year, the report reveals.

Judge Louis Tobin of the Juvenile Court told the jurors no juveniles were arrested recently on traffic charges, but added that it pleased him because it showed that the youthful drivers were obeying the laws.

Following a short talk by Judge Tobin in Courtroom No. 2, the students toured the jail. Those who visited the jail and their high schools are:

New Waterford — Jack Frankenburg, Gail Blosser, Bill Bartels, Larry Rupert, Ila Smith and Marie Colella. Salineville — Edith King, Peter Giannona, Joseph Keating, Paul Ehler, Aldea Spiers and Suzanne Griffith.

Fairfield — Larry Kannal, James

Gaston, Dixie Carlisle, and Kathleen Snyder. Leetonia — Mary Catherine Duke, Roseella Altomare and William Dattilio. Salem — Edith King and Helen Potter.

Most of the students were to serve as jurors, but others were invited to observe the jury proceedings and to visit the jail.

Indiana Toll Road 54.6% Complete

INDIANAPOLIS (AP)—The 157-mile Indiana east-west toll road is 54.6 per cent completed, contractors disclosed yesterday in a monthly progress report. Construction is only 4.4 per cent behind schedule.

The east-most 51 miles of the superhighway is scheduled to be opened this summer with the entire road set for completion in November.

The toll road commission, although deferring a decision on an official name for the road, did adopt names for terminals, interchanges and maintenance buildings.

The "Eastpoint Terminal Plaza" will be located at the Ohio line near Metz and the "Westpoint Terminal Plaza" at the Illinois line in Hammond.

Prehistoric races, such as the Swiss lake dwellers, are known to have cultivated wheat, while the Chinese claim the use of it as food 2700 years before the Christian era.

NEW LIGHTS FOR LANDINGS

IN BAD WEATHER, an airline pilot often is given just a few seconds to make a life-or-death decision while coming in for a landing. Aided by electronic navigation devices, any pilot can maneuver to within 3,500 feet of the runway and some 250 feet above the ground. Within the next few seconds, however, he must SEE the remainder of his course to come in safely. At Idlewild airport in New York, a new visual aid has been installed to insure

a safe approach and successful landing. The device is the Strobeacon centerline approach system. It consists of 20 high frequency Strobe units in a row in the path 3,000 feet in front of the runway. Lights flash in sequence and penetrate heavy fog, rain and snow, yet do not impair the pilot's vision because of the short duration of the flash. It also means fewer delays and cancellations for passengers and less difficulty in handling the airport's traffic.

This is how the approach lighting system looks to pilot.

They're looking over some lights on the 2,000-foot pier.

Engineers inspect one of the units in approach system.

\$280,000 In Gold Stolen

Swiss Fear Robbers Have Crossed Border

GENEVA, Switzerland (AP)—Swiss police admitted today they have lost all trace of \$280,000 worth of gold bars stolen from a truck here Thursday in a well-planned daylight coup.

Police said it appeared possible the gang which organized the coup—one of the biggest robberies in Swiss criminal history—had succeeded in getting the bars across the border into France.

The 551-pound shipment of gold arrived from Paris by air Thursday, addressed to a private Swiss banking firm whose name the police refused to divulge under Switzerland's strict laws of banking secrecy. The bars were loaded on the truck of a Geneva transport firm. The driver, M. Salamin, drove to the transport firm's headquarters near Geneva's main station to unload some of his other consignments, leaving the truck and the gold unguarded for some minutes.

This procedure was quite normal in Switzerland, where large-scale thefts are extremely rare. The thieves were apparently fully familiar with the driver's habits, because they succeeded in driving the truck away during his absence without a witness noticing it leave.

The truck was found two hours later in a quiet "lovers' lane" on the outskirts of Geneva, less than a mile from the French border. Tire marks and footprints showed the gold had been transferred to a waiting car by several men.

Ministers Tour Salem, Warren Mullins Plants

This year's clergy tours of the Salem and Warren plants of Mullins Mfg. Corp. coincided with Religion and Economic Life Week, an event sponsored by the National Council of Churches.

The purpose of the tours, held Tuesday in Warren and Thursday in Salem, was to better acquaint the ministers of the area with industry and to give the ministers an opportunity to meet and talk with the industrial executives.

Salem ministers assembled in the Mullins Employment Building auditorium at 10 a.m. yesterday and were greeted by Michael Schuller, personnel director.

A movie, "Building Better Living Out of Steel," and a guided tour of the plant followed. After lunch, served at the Hotel Lape, Herman Enemark acted as moderator during a discussion period. H. F. Wyckoff talked on finance; Mr. Enemark on industrial and employment relations; and C. A. Eversman on production.

At the Warren plant, Dick Nelson gave the greeting. J. P. Hochadel talked on finance. Mr. Enemark on industrial and employment relations and J. P. Wylam talked on production.

ever adopted on such a subject." However, the council did not go along with Syria's original demand for economic penalties against the Israelis and expulsion of Israel from the U. N. The another Syrian demand that Israel pay damages for the dead and property damage, but finally dropped this to make the vote unanimous.

The council resolution also called on both Israel and Syria to arrange an "immediate exchange of all military prisoners" with Canadian Maj. Gen. E. L. M. Burns, the U. N. Palestine trustee chief. Israel holds 36 Syrians, Syria five Israelis.

It asked Burns to "pursue his suggestions for improving the situation" in the Galilee area. He has recommended a "gentleman's agreement" under which Israel would keep its boats away from the vicinity of the Syrian shore posts and Syria would let its inhabitants take out Israeli permits to fish in the sea.

Israel has rejected such an agreement as interference with her sovereignty over the Sea of Galilee.

years—around 10 inches—hit Cincinnati Thursday. Some schools closed, the city airport was shut down and traffic was snarled. 7 inches reported.

Seven inches of snow fell in sections of Pennsylvania. Falls in most other areas ranged up to 5 or 6 inches.

Snow diminished over most of the mid-continent during the night with only flurries reported this morning across the upper Great Lakes, parts of the Ohio Valley and the Northern Plains.

A belt of rain and snow extended from the Central Plateau region to the west slopes of the Rockies. Light rain fell in the Pacific Northwest.

Colder air spread south and eastward Thursday in the wake of the storm and temperatures dropped 10 to 20 degrees, into the 30s and 40s, in the Southeast. At Charlotte, N. C., the drop was from 61 to 38. Meanwhile, readings moderated in Texas and the Western Plains.

It was generally cold east of the Rockies today except in Florida and Southeastern states and southern parts of the Gulf states.

Coldest region again today was the Northern Plains with more below zero readings. It was -19 at Minot, N. D.

Roads In County Reported Slippery

LISBON — John Neill of Lisbon, maintenance supervisor at the Columbiana County garage, said this morning county road conditions "are not too good. Roads are passable but slippery."

He said county highway crews put ashes on the roads all night, and four graders and seven plows went out about 7:30 this morning to clear the highways.

Neill estimated that between four and five inches of snow had fallen in the county. Snowfall was heavier in the eastern part of the county, he said.

No bad accidents were observed by his crews, Neill said, but "occasionally you would find a car that had slipped off the road."

Woman Denies Reds Advocate Violence

CLEVELAND (AP)—A Lorain woman has admitted joining the Communist party 10 years ago, but contends it does not advocate violent overthrow of any government.

Mrs. Lucille Bethencourt, 28, was a witness in her own defense in Federal Court yesterday. She is the second of 10 defendants to take the stand. The government charges all of them with conspiracy to violate the Smith Act, which makes it illegal to teach or advocate violent overthrow of the United States government.

Attorney Fred Mandel asked Mrs. Bethencourt what her "understanding" was of the Communist party's attitude toward violence.

She replied that the party "never teaches the overthrow of any government by force and violence."

The witness said she joined the party when she was 18, after attending some open air rallies in New York, and reading some Communist literature, including the Communist manifesto.

She related that one factor in her decision to join the party was her family's fears of "discrimination."

Her family often spoke "of discrimination against Latin Americans," she said.

80 Persons Attend Youth Center Opening

Eighty persons attended the "open house" and "parents night" event at the Salem Youth Center in the Memorial Building Thursday night.

The center was formally opened for inspection last night after being closed for three weeks while improvements were in progress. Facilities of the center were available to the visitors.

Conducting the visitors through the center were members of the Junior Board comprised of Bob DeCrow, Miriam Smith, Donna Blumberg, Beverly Mercer, Gunhilde Nyberg, Jan Pederson, and Dick Hunter. Others of the 305 members assisted.

The improvement program recently completed consisted of a remodeled snack bar, installation of a pool table, a new boys lounge, additional facilities in the girls lounge and a new juke box. The center also received new coats of paint.

Dairy Farmers' Income Gains Million Dollars

CLEVELAND (AP)—An increase of nearly a million dollars last year in the income of dairy farmers providing the Cleveland market with milk was reported at the annual meeting of the Milk Producers' Federation of Cleveland yesterday.

Federation Manager Jay W. Hartsock said bottled milk was worth an average of seven cents a hundredweight more than in 1954, or \$700,000 in added cash for producers. Expansion of the marketing area meant \$100,000 more in producer income, he added.

Hartsock predicted a higher price average this year as production quotas become effective for the first time during the spring.

Missing At Breakfast

Irvin, held in jail at nearby Princeton during the appeal period, which followed his conviction and sentencing in Gibson Circuit Court, was missing at breakfast time Thursday.

Four jail doors had been either unlocked or locks picked. Sheriff Earl Hollen said. "There had to be some outside help," adding one man could not have opened the doors himself from the inside. The heaviest snowfall of the winter quickly covered his tracks.

Only Irvin's cellmate Lawrence Bryant, 57, Palestine, Ill., awaiting trial for a triple killing, saw him escape.

Bryant insisted he knew nothing about the escape, but he later told Sheriff Hollen he saw Irvin dress and leave the cell between 10 and 11 p.m. Wednesday. Bryant said he saw no accomplices and did not know how Irvin managed to unlock the doors.

Prosecutor Paul B. Weaver, who directed the prosecution that brought the death penalty for Irvin, wore a .38-caliber pistol and said, "I'm taking no chances. Irvin's mind doesn't work like other people's."

Special guards were given two Evansville schoolboys who supplied an important clue in the investigation that led to Irvin's arrest last April 8.

Irvin was described as a stocky 200-pounder, 5 feet 11 inches tall, with dark brown wavy hair, brown eyes and ruddy complexion. When he left the jail he was wearing a dark blue suit and gray overcoat and was bareheaded.

He was convicted and sentenced to death in December for the killing of W. Wesley Kerr, 29-year-old Evansville filling station attendant who was shot to death in a holdup Dec. 23, 1954.

He was under indictment for murder in the robbery-killing of Mrs. Mary Holland in her Evansville liquor store Dec. 2, 1954; Mrs. Wilhelmina Sailer in her home west of Evansville March 21, 1955; Goebel Duncan, 53, and his son Raymond, 20, and another son's wife, Mrs. Dorris Ray Duncan, 19, near Henderson, Ky., March 28, 1955.

Sen. Kefauver Won't Challenge Lausche

WASHINGTON (AP)—Sen. Kefauver (D-Tenn.) decided today not to challenge Gov. Frank J. Lausche for Ohio's 58-vote delegation to the Democratic presidential nominating convention.

Kefauver, who got 29½ Ohio votes in the 1952 convention, announced here that "after careful consideration with my campaign managers I have decided against entering the Ohio primaries."

This action apparently assures Lausche, a "favorite son" candidate, of heading a unified Ohio delegation to the party convention next August.

Lausche has been mentioned as possible beneficiary of southern support but thus far has depreciated his chances of winning the presidential nomination. He also is a candidate for the Democratic senatorial nomination in Ohio.

When he announced his candidacy, Kefauver said he would not be able to enter as many primaries as he did in 1952. In that year he led on the first ballot at the party convention but lost the nomination to Adlai E. Stevenson, who is running again.

LISBON — Kenneth Wayne Roberts, 8, son of Mr. and Mrs. Richard Roberts of 245 W. The boy's father said the youngster's left arm was broken near the shoulder.

The boy, who is in fairly good condition in the hospital, will remain there for 10 days for observation, he said.

Wallace was active in the drive for stripmine legislation through the legislative sessions of 1945-47 and 1949.

Bankrupt Firm Files Liabilities, Assets

CLEVELAND (AP)—Weather-Wise Windows, Inc. of Youngstown, which was thrown into involuntary bankruptcy last month, today filed a schedule in Federal Court listing its liabilities as \$320,624 and its assets as \$289,804.

The firm, which manufactures storm windows and doors, was declared bankrupt Dec. 23, 1955, by referee in bankruptcy Ross E. Disher, after a petition was filed by the Stambaugh Thompson Co. and two other creditors.

Next step is a meeting of company officials with creditors to work out a method of settlement.

SEBRING — Former Police Captain Wilbert Parr presented an appeal concerning his dismissal to council at a meeting last night. The appeal was made through Mayor Jay Dawson.

No action was taken on the appeal, however, because the mayor said in his legal opinion Parr had no appeal.

The Fraternal Order of Police Lodge of Alliance is investigating on behalf of Parr and an appeal to Mahoning Court may be filed.

City streets caused three more traffic accidents Thursday, bringing yesterday's total to nine accidents involving 14 cars and a house.

Cars operated by Paul J. Horning of 1822 Oak St. and Margaret Detmire of 1253 Mound St. collided at the intersection of Ohio Ave. and E. Pershing St. at 12:10 p.m. causing minor damage to both vehicles.

In another two-car mishap, a car driven by Adna Day of 1221 E. 3rd St. slid into the rear of an auto operated by Antoinette Dubiel of 354 Columbia St. Leetonia, on E. 3rd St., 150 feet east of Vine St., at 8:30 a.m., causing minor damage to both cars.

In a similar two-car collision, a car operated by Harold Garlock of 1582 Southeast Blvd. slid into a stopped car operated by Allen F. Taylor of RD 5, Salem, on S. Lincoln Ave., 250 feet south of Columbia St., at 3:05 p.m., also causing minor damage to both cars.

Six other accidents involving eight cars and a house were reported by police earlier in the day.

School Bus Drivers Meeting Draws 76

LISBON — Some 76 persons attended the bus drivers conference sponsored by the Columbiana County Board of Education Thursday night at United Local School.

Approximately 35 rural school bus drivers attended the session.

Speakers were Frank Cochran, director of transportation for the state department of education; Earl Welshimer, transportation research director for Carpenter Bus Bodies of Indiana; and Cpl. John Miller and Patrolman James Wilson of the Salem barracks of the state highway patrol.

A safety theme was stressed throughout the talks. Cochran said the school bus driver was part of a team and should maintain his loyalty to the school. Miller discussed the regulations covering school bus drivers.

Wilson explained the inspection form the patrol uses to check school buses.

Welshimer talked on the public relations role played by the school bus drivers. He said the driver sometimes has more influence with the parents than the teachers.

Russians Expected To Win 6 Medals In Winter Olympics

Reds Appear Good In Warmup

Speed Skaters, Ski Jumpers Look Tops

By STERLING SLAPPEY

CORTINA D'AMPEZZO, Italy (AP)—The Russians have a reputation for not entering international sports competition unless they think they can win. And next week's Winter Olympics, Russia's first, apparently are no exception.

With six days remaining before the 1956 games get under way in this Alpine village, even conservative appraisals of Russian strength concede the Soviets six gold medals.

That's more than some nations have been able to collect since the winter games were inaugurated in 1924.

From what they've seen of the Russians in warmup competition, particularly speed skating and ski jumping, experienced observers figure the Big Four among the Olympic nations—Norway, the United States, Sweden and Finland—will have to make room for one more.

Since 1924, Norway has dominated the winter games, winning 30½ gold medals. The United States follows with 17. Then come Sweden, with 13, and Finland with 12½.

Skating and skiing are the toughest of the Olympic events to predict. And picking winners from among Russia's team members is just as tricky since the Soviets seem capable of producing champions out of nowhere.

Still, Russia probably can expect two gold medals—a team and individual—in the men's cross country and two more in the women's cross country.

Little Vladimir Kuzin leads Russia's men in the cross country. His toughest competition should come from Finland's Veikko Hakulinen and Arto Tiainen and Sweden's Sixten Jernberg, the only man to beat Kuzin in more than a year.

Another one or two—probably two—gold medals seem headed for Russia in the speed skating.

Sweden's Sigge Ericsson, the lean distance man who upset the Russians for the individual world title in Moscow last February, is favored in the 10,000 meters, but not in the 5,000 or 1,500-meter races. The Russians are strong in each, with world records in both.

Ken Henry of Chicago, who won one of the United States' four gold medals in the 1952 games at Oslo by taking the 500 meters, has only a fair chance of repeating.

In practice jumps on Italia, the graceful hill which will be the site of the Olympic event, Russia's Kobe Tsakadze has been surprisingly good. He has experience in international competition, and at the very least should push the ace Finns and Norwegians to their best.

Norway has claimed every jumping gold medal since the event was opened in the Olympics and is led by the 1952 champion, Asbjørn Osen.

Russia's Alpine skiers form a "mystery" team. Little is known about their potentials, except that they've looked better than expected in several pre-Olympic meets in Switzerland and Austria.

The Russian girls are expected to pick up at least one Alpine title, probably in the downhill event. And the Russian men wouldn't really surprise anyone if they scored a first.

Los Angeles Owners Battle Over Team Ownership, Control

LOS ANGELES (AP)—The embattled owners of the Los Angeles Rams have named a trustee manager, Tex Schramm, to handle the club's affairs, until a settlement is reached over ownership and management.

Helfand Fires Challenge To Boxing Assn.

NEW YORK (AP)—Julius Helfand has thrown down the gauntlet to the National Boxing Assn.

The chairman of the New York State Athletic Commission blasted the NBA Thursday night for a resolution by its Executive Committee that would permit a boxer to sign for a fight himself when his manager is under suspension.

Speaking at the annual dinner of the Boxing Writers Assn., Helfand termed the resolution "sheer hypocrisy."

"You know," he said turning toward Lou Radzienda, president of the NBA, "that after a fight the fighter will go back to his hotel and whack up the purse with his suspended manager."

Radzienda, a member of the Illinois State Athletic Commission who had praised Helfand's campaign against the undesirables in the sport just before Helfand rose to speak, said later:

"We believe the fighter comes before the manager. Just because his manager is under suspension or doesn't have a license is no reason to penalize a fighter. He has to make a living and should be granted that right."

"What he does with the money is no concern of ours. Under our resolution a suspended manager or one without a license can't come running to a commission for help if the fighter refuses to live up to their personal contract."

"Why should we deprive a top-ranking contender from a title shot because of his manager? That's what a fighter dreams about."

Russians Cold As Ice In Winter Olympics

CORTINA D'AMPEZZO, Italy (AP)—The old silent movies of Buster Keaton, the man with the frozen face, must be part of the training program for the Russian winter Olympic team.

"They play with the wild spirit of an ice cube," a Latin commented as he watched the Russians wallop Italy 10-2 in an ice hockey warm up game.

Not once did a Russian player smile or congratulate a teammate who made a good play.

They played as if hockey was their job, not their sport.

Now that American ski jumpers have purchased new and bigger pants in Cortina (the batch was tight and threatened to split in midair), the Finns have themselves a problem.

They brought along a Finnish steam bath. All the way from Helsinki.

Only trouble is, local power won't heat it above 100 degrees.

"Under 175 degrees it's hardly worth using," the Finnish trainer explained.

YACHTS TO RACE

FORT LAUDERDALE, Fla. (AP)—Fifteen yachts were expected to cross the starting line today on the 48-mile race to Bimini, first event on the 1956 southern ocean racing conference schedule.

Carli Lumber Edges Lisbon

Mounts, Salem Tool Also Class A Victors

Carli Lumber, with a hot third period, squeaked past Lisbon Lumber 32-31 in Class A action at the Memorial Building last night. In other games, W. E. Mounts tripped McCullochs 74-50 and Salem Tool defeated Mullins 71-55.

Bill Yeomans with 22 points paced the Carli victory, while Bud Woods was high for the Lisbon scorers with 16.

Lisbon pulled off to a 22-19 halftime lead, but Carli dumped in 25 points in the third period while holding Lisbon to 18 to take a 44-40 third-period lead.

Lisbon came back strong in the fourth quarter with 11 points while Carli was scoring 8, but the rally fell short.

Dick Yeagley scored 28 points to lead the Mounts scoring and Larry Stoffer tallied 13, high for McCullochs. Mounts outscored the losers in every quarter but the last as they built up their lead. The halftime score was 39-25, Mounts in front.

Tom Cope's 20 points led the way for Salem Tool and Norm Smith accounted for 13 points for Mullins, with Ed Bonich close behind with 12.

Salem Tool took a halftime lead of 39-24 and added 40 points in the last half while Mullins tallied 31.

William Rogers Conquered Polio Attack

Sebring Feels New Grid Rule Unfair To Team Quarterback

By FRITZ HOWELL

SEBRING, Ohio (AP)—This Mahoning County town of 4,000 is up in arms over the recently-enacted rule which lowered the eligibility age for high school athletes to 19 years.

The folk feel that William (Buddy) Rogers, a come-back kid who conquered a polio attack, isn't getting a square shake.

Here's the story:

Two years ago Buddy won the Sebring High School football quarterback job with a brilliant first-game performance. He was just 16. Before the second game was played he was in St. Elizabeth Hospital in Youngstown with non-paralytic polio. A week later his brother Mike, 11, was struck with the same disease.

Buddy spent three months in bed, then started the long road back.

He was an athlete, and he wanted to continue his football career, so he had Supt. Leon Force write to the Ohio High School Athletic Assn. for advice on eligibility, just to be on the safe side if he could regain his health.

H. W. Emswiler, scholastic commissioner, was sympathetic. He wrote Force that if Buddy waited until the almost-completed semester was finished before re-enter-

Basketball "Open House" Held In Gym

Approximately 75 adults and 55 basketball players attended the Booster Club's annual "open house" last night in the high school gymnasium.

Booster Club President John Sebo welcomed those present and introduced other Booster Club officers. Supt. E. S. Kerr spoke briefly and explained the coaching system in the Salem school system. Athletic Director Fred Cope also introduced the grade school coaches, the high school administration and school board members.

The adults and younger players attending were then treated to an explanatory practice drill session by Varsity Coach John Cabas and the varsity and reserve team members. Refreshments were served to all those present immediately following the meeting.

Berg Leads Tourney

TAMPA, Fla. (AP)—Veteran Patty Berg held a one stroke lead over Mickey Wright with the second round coming up today in the \$5,000 Tampa Women's Open Golf Tournament.

Patty, woman athlete of the year for 1953, clipped four strokes off par with a 71. Miss Wright, from San Diego, Calif., lost a chance to tie for the lead by three-putting No. 18.

High winds bothered most of the field of 121.

Jess Hill To Be Athletic Director

LOS ANGELES (AP)—This will be Jess Hill's last year as football coach at the University of Southern California. He will succeed Willis O. Hunter as director of athletics in August 1957, when Hunter reaches the mandatory retirement age of 65.

President Fred D. Fagg Jr. announced the future athletic setup at a news conference late Thursday.

Hill obviously will have a hand in the naming of his successor as head coach but Dr. Fagg said: "We have talked to none about a coaching job at the university. We will organize a committee of people who know the requirements and I assure you we will have a selection in time for the 1957 season."

"He was a cinch to make it, too," Tietlow said. "He's a brainy signal-caller and a fine passer."

But the recent referendum by the state's high school principals wrecked Buddy's hopes. The new rule lowers the eligibility age for athletes from 20 to 19, starting next Sept. 1.

A player who is 19 after Sept. 1 is permitted to play out the entire football season.

But Buddy will be 19 at 8:30 a. m., Aug. 31, just one day too early to be eligible.

Coach Tietlow, Supt. Force, and Buddy's dad, Bill Rogers, are still fighting to keep the boy eligible. They are writing personal letters to all members of the State Board of Control asking special consideration for the comeback kid who won his fight with polio, was promised he'd be eligible next fall, and then had the entire plan pulled out from under him by the change in eligibility age.

"We're not criticizing anyone, especially Mr. Emswiler, the state board or the new rule," Force said. "We just think Buddy deserves a chance to play the football to which his great fight entitled him."

'Open House' Is Set Sunday For Damascus Woman, 90

As she busily tends her flowers and plants, cleans her large home, or cans jellies, vegetables or fruits Mrs. Rose Dahlke of Damascus does not appear to the casual on-

looker as if she will be 90 years old Wednesday, Jan. 25.

Such is the case, however, and Sunday, from 2 to 5 p.m., Mrs. Dahlke's son, Frank Israel, and two of her grandchildren, Mrs. Margaret Long and Mrs. Charles Roberts, will be hosts at an "open house" in her home at the Dahlke home. No invitations have been issued but friends and relatives are invited.

Sprightly Mrs. Dahlke, energetic and interested in everyone she meets, maintains an unflagging enthusiasm for baking, cooking, cleaning, gardening and quilting. Throughout her home are displayed eight types of Coleus plants, and her quilts, many of original design, decorate numerous beds belonging to her relatives.

She is active in a social organization, the Success Club. Originally a 12-member club, its membership today has dwindled to six. All Salem residents, the other five club associates are Mrs. Eva Asby, Bertha Reinhardt, Mrs. Fred Oesch, Mrs. Harry Gardner, and Mrs. Anna Zellers. When the meetings are scheduled for a Salem member's residence, Mrs. Dahlke hops on the bus and comes to Salem.

Mrs. Dahlke, the former Rose Barber, was born in Westville Jan. 25, 1866.

Her childhood was spent at Naylor's Crossing near Beloit and because of huge snows and long winters Mrs. Dahlke was unable to attend the nearest school two miles away except in the summertime.

In her teens Mrs. Dahlke obtained a job in the woolen mill situated in Damascus several years ago. After she was married to Frank Israel of Damascus in 1889, she moved across the street from the old mill to her home in which she has lived ever since — for 67 years — located three houses west of the Isaly store in Damascus.

A sister of Mrs. Dahlke, Mrs. Lillie Chappell Wolgamuth, 84, lives at 856 E. State St. in Salem. Another sister is Bessie Lovelace, 80, of Tavares, Fla. Mrs. Dahlke's husband, Fred, is 84 years old today. Her first husband died.

Mrs. Dahlke also has a grandson, Frank Israel, and five great-grandchildren.

County Pays \$679 For Animals Killed By Dogs

LISBON — I. J. Vorndran, Columbiana County auditor, said today his office paid out \$679.10 in 1955 from the Dog and Kennel Fund for 136 sheep, fowl, and other animals killed and injured by stray dogs.

Vorndran said in his annual report to State Auditor James Rhodes that \$498 was paid for 47 sheep \$120.10 for 85 fowl and \$61 for four other animals. An additional \$10.30 was paid for witness fees, bringing the total payment of damages to \$689.40.

He said the fund had \$40,046.60 in it last year, including a balance of \$10,422.50 carried over from 1954 and \$29,624 in total gross collections in 1955.

The total of all payments or transfers from the fund during the year was \$29,334.47. Besides the sum for livestock damages and fees, these included \$3,545 paid to the county dog warden, \$15,167.41 transferred to the county general fund and \$9,932.66 transferred from the fund for other purposes. Balance to the credit of the fund for the year was \$10,712.13, Vorndran said.

O. L. Fleckner Is Candidate For Ohio Governor

COLUMBUS, Ohio (AP)—Oscar L. Fleckner, former state liquor director, today jumped into the Democratic gubernatorial race.

"I propose to stand for nomination as the Democratic candidate for governor in the highest tradition of our two-party system," the former Springfield city manager announced.

Fleckner's entry made him a contender for the May 8 conomination against candidates Michael V. DiSalle of Toledo, Robert W. Reid of Port Clinton, Frank Kryzan, mayor of Youngstown, and possibly others.

Fleckner's 11 years of governmental service began in 1943 as an examiner in the Ohio Division of Securities. He became an attorney-inspector of the division in 1938 and served for three years. He was Springfield city manager in 1947-48 and state liquor director in 1949-50.

Born in Oak Harbor 46 years ago, he attended Ohio Northern University and obtained his law degree at the University of Cincinnati.

Fleckner now is secretary and assistant treasurer of Shoe Corp. of America. He lives with his wife and two sons in suburban Bexley.

A prepared announcement had this to say of Fleckner: "It is a new name and a new personality in statewide campaigns. After the battlesmoke of a vigorous campaign clears away, the name of Fleckner will stand out clean and honorable."

Southerners Step Up Fight To Maintain Segregation

By The Associated Press
On a long-embattled front, Southern legislators strengthened their picket lines today in their fight to maintain segregation.

The loudest Rebel cry from Virginia to Mississippi came in a defiant resolution from Alabama. The Legislature there declared Thursday that Alabama is not bound by the racial rulings of the U. S. Supreme Court, and it pressed hard upon other Southern states to subscribe to the doctrine of interposition.

The Alabama Senate approved the resolution in a resounding vote by voice. In the House, only four members dissented when the measure passed Tuesday.

In Mississippi, the House Judiciary Committee approved a bill which would create a new anti-integration weapon for use against federal officials. The purpose of the bill is to keep federal officials from interfering with the rights of Mississippians as guaranteed by their states' constitution—particularly by investigating their voting habits.

The maximum penalty for violation would be a \$3,000 fine and five years in prison and it would allow a damage suit by the injured party.

Two other segregation measures were also approved by the Mississippi House Thursday. One would extend the laws of criminal libel to cover libel or slander of state governmental institutions; the other seeks to prevent the agitation of lawsuits dealing with integration.

Giant Shovel Drops 90 Tons Of Dirt

CADIZ, Ohio (AP)—A demonstration of the world's largest power shovel ended abruptly yesterday when its bucket, holding 90 tons of dirt, suddenly dropped to earth, narrowly missing ten youngsters.

Scores were gathered to witness the demonstration of the shovel, being taken to a Hanna Coal Co. strip mine near here.

The shovel had lifted its load 30 feet in the air when the bucket fell, sending the 10 children standing nearby scrambling to safety.

Observers said a gear that slipped apparently caused the bucket to fall.

The shovel was built by the Marlon Power Shovel Co. and the General Electric Co. at a cost of \$2,600,000. It is 160 feet in height, weighs 2,750 tons and has a lifting power of 250 tons. Hanna Coal will use it to strip earth from coal seams that lie about 90 feet beneath the surface.

Railroads Ask Freight Rate Hike In Ohio

COLUMBUS, Ohio (AP)—A request for a seven per cent rate increase on freight hauled between Ohio cities has been filed with the state utilities commission by six Railroads.

The railroads asked the commission to expedite the request, so the rates can go into effect by Feb. 25. Railroads represented in the petition, filed yesterday, include the Pennsylvania, Baltimore & Ohio, Chesapeake & Ohio, Erie, New York Central and the New York, Chicago and St. Louis.

The request said the increase was necessary because of substantial increases in wages, fuel, materials and supplies, and for a program of rehabilitating freight cars and buying new ones.

The railroads said the proposed increase would not produce unreasonable charges, and would enable carriers to provide adequate and efficient service.
